# A strategic-educational board game

“Fraudster Web. Learn How to Protect Your Money and Personal Data”

Rules (in Lithuanian)

## A strategic-educational board game

“Fraudster Web. Learn How to Protect Your Money and Personal Data”

### Feedback:

- “Fraudster Web” is an excellent game. Students have responded very positively to it. We highly recommend promoting this game as widely as possible to help people enhance their knowledge and competencies about fraud through engaging games and tasks.
- Thank you so much for organising such a wonderful event. The students thoroughly enjoyed it, and it exceeded all their expectations. You are doing incredibly important and valuable work!

# Thank you!
